Phlebotomy Order of Draw

Below is the correct order of draw per the CLSI venipuncture standard (GP41)*

Draw Order	Tube Top/Stopper Color	Tube Type
1	White	Blood Cultures
2	Light Blue	Citrate
3	Red/Gold/Tiger	Serum
4	Green	Heparin
5	Lavender	EDTA
6	Gray	Oxalate

Here is a mnemonic device to help you remember:

Blood Cultures → **Be**

Light Blue → **Loving**

Red → **Respectful**

Green → **Gracious**

Lavender → **Lighthearted and**

Gray → **Gentle**

**Note: Always follow facility policy first.*
