Alternative Products (each sold separately):

- MP-075: Sign Holder - Horizontal (shown below)

Product Description:

- Sign Holder - Wall - Vertical
- Holds 8.5" x 11" signage vertically
- Screw holes for mounting to a BOWMAN® Respiratory Hygiene Station or to a wall
- Clear PETG Plastic

Primary Area for Product Usage:

- Anywhere signage is needed
- Especially useful at procedural or notification stations

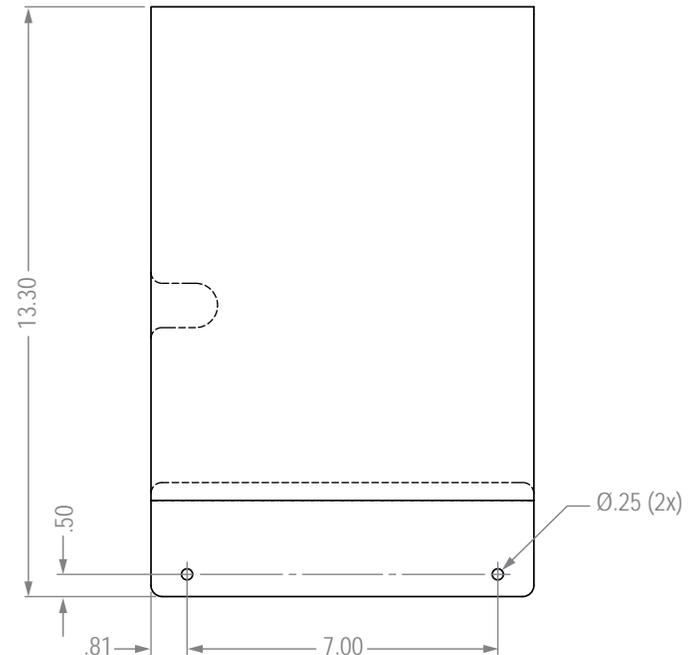

Dispenses:

- 8.5" x 11" (21.6 cm x 27.9 cm) vertical signage
- Free signage downloads at www.BowmanDispensers.com in the PDF Library

Product Specifications (overall external dimensions):

- 8.63"W x 13.36"H x 0.34"D (21.9 cm x 33.9 cm x 0.9 cm)
- 1.1 lbs (0.5 kg) - approximated

Mounting Specifications:

Package Specifications:

- Package Quantity: 12 per case
 - 14"L x 12"W x 9"H (35.6 cm x 30.5 cm x 22.9 cm)
 - 13.0 lbs (5.9 kg) - approximated
- Package Quantity: 1 per case
 - 14"L x 12"W x 4"H (35.6 cm x 30.5 cm x 10.2 cm)
 - 2.0 lbs (0.9 kg) - approximated

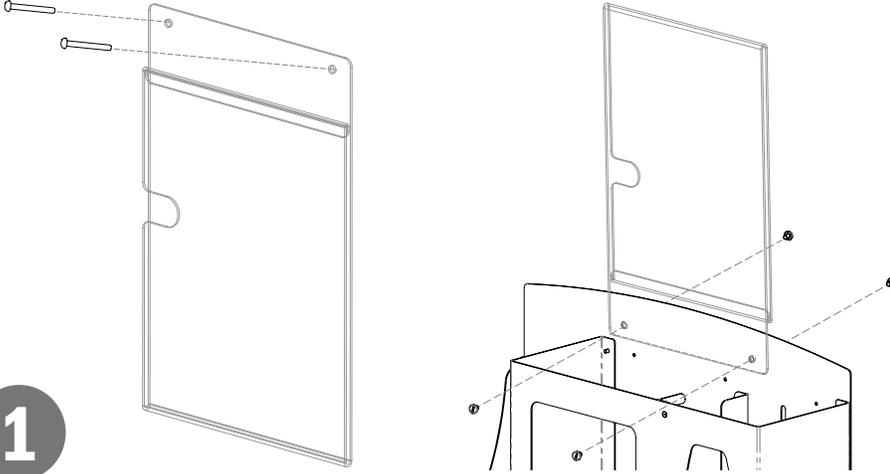

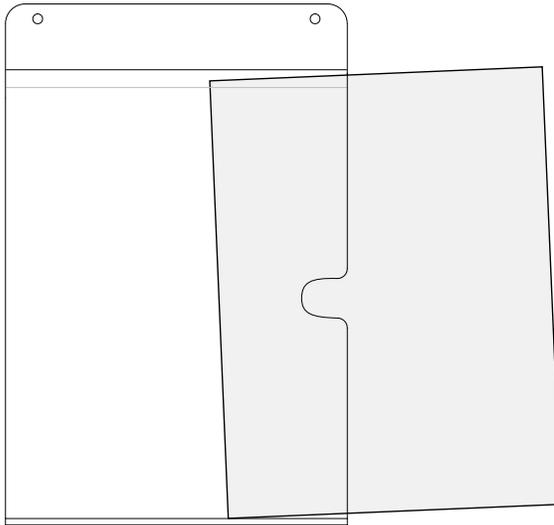

Installation

Always mount dispensers securely *prior* to loading with product.

- When mounting to a wall, securely fasten to surface with screws approved and supplied by building maintenance.
- When mounting to a Respiratory Hygiene Station, use the barrel screws provided with the sign holder.

- Insert signage through side.
- Signs are easily removed using thumb cut out.

Parts included:

- Dispenser
- Sets of Barrel Screws for attaching to Respiratory Hygiene Station (2x)

Tools Required:

- No tools required to assemble dispenser

Care and Construction

PETG Plastic

Material Characteristics

Designed for Long-Term Heavy-Duty Applications

Copolyester resin is designed for heavy-duty applications, and is used by BOWMAN® Dispensers. We never use acrylic in our products.

Copolyester (PETG) is typically 15-20 times tougher than general purpose acrylic. PETG is made to withstand handling and reduce losses due to breakage.

PETG resists a variety of chemicals and commonly used cleaning agents. It is tough and durable (not brittle), providing years of trouble-free functionality and long life.

Clear optical characteristics mean the viewer can see the content, read text, and see true colors through the material. It complies with FDA regulations for food contact.

Care and Cleaning

Most cleaning chemicals do not weaken the surface or cause damage to the material. Suggested cleaning method is to use a soft cloth, warm water, and mild soap.
