

# Hopkins® THERMOFOCUS® Touch-Free Thermometer

Multi-Function No-Contact Infrared Thermometer

- **Multi-Function**
- **Hospital Grade**
- **Helps Prevent Cross-Contamination**
- **Easy to Use Aiming System**
- **Eye-Safe LED Technology**
- **Ideal for Both Children & Adults**

The Hopkins® THERMOFOCUS® Touch-Free Thermometer is truly easy to use. Now you can measure a child or adult's temperature without ever coming into contact with the skin: just place the thermometer close to the forehead and the unique two beam LED aiming system will indicate when it is at the correct measuring distance. No skin contact, no need for a probe cover!

The Touch-Free Thermometer can also be used to take other readings besides body temperature on a variety of objects and surfaces, such as baby bottles, bath water, extremities, and wounds.

#571500
