## Anatomy of the Perfect Medical Bag

## Custom Logo Imprinting

Your corporate logo on a **Hopkins** bag can help create a professional first impression and build your brand awareness within your community. Call us today to order your custom imprinted bags!

**Step 1.** Select the item, color, and quantity of item to be imprinted.

**Step 2.** Call 1-800-835-1995 to place your custom logo order.

**Step 3.** Email logo to customerservice@hopkinsmedical.net or fax to 1-410-484-4036.

- File types accepted: Adobe Illustrator, Vector PDF, Vector EPS.
- 600DPI and 1 point or greater in thickness.
- Other file types may require additional processing and incur additional charges.
- Logo will remain on file for future orders.

**Step 4.** Standard logo imprint color is white ink. If you prefer another imprint color, provide the color name and Pantone Number (PMS). If the logo is two or more colors additional fees will apply. Call for pricing 1-800-835-1995.

**Step 5.** For new logo orders: After the logo is received, an imprinted fabric sample (strike off) will be sent for Customer Approval.

For reorders: A Custom Logo Approval form will be sent for Customer Approval.\*

**Step 6.** Once the signed approval form is received the imprinting process will begin.

**Step 7.** Orders for in stock bags will be shipped within two weeks.

# Shoulder Bags That Work as Hard as You Do

Separate clean/dirty areas minimize cross-contamination risks, while two zippered end pouches, including one for a 1qt sharps container, are ideal for hand wash and smaller pockets allow for easy access to frequently used supplies. No-slip, adjustable shoulder straps reduce stress on shoulders, and many of our shoulder bags come with lockable zippers for HIPAA compliance and added security.

## D. **Hopkins** 21st Century Plus Bag Combines Laptop Protection with Superior Organization and Compliance

## Bag Organization & Compliance

# Follow Good Bag Technique

### BAG BARRIERS

- Create a clean work area
- Avoid cross-contamination
- Water repellent
- Hospital-grade antimicrobial material

*"[It is recommended] that clinicians place a barrier beneath the supply bag in the patient homes to prevent 'contamination'... Nurses' bags may serve as reservoirs for multiple-drug-resistant pathogens."*

—From Infection Control in Home Healthcare, Irena Kenneley, PhD, APRN-BC, CIC  
Home Healthcare Nurse, Vol. 30, No. 4

## Safe, Easy Sharps Disposal

Safely dispose of sharps containers with this innovative Sharps Retrieval Program. Simply put your filled sharps container in the included packaging, fill out the form, and drop the box in the mail. Within two to three weeks you'll receive documentation verifying the container's destruction. The mail-back program is in complete compliance with all federal, state, and United States Postal Service regulations.

Hand Sanitizer and Soap

Ideal for use in food service, healthcare, and public service industries where frequent hand washing is mandatory.

My-Shield Foaming Hand Sanitizer and Sanitizing Soap

- Kills 99.999% of bacteria, bacterial biofilms, spores, and viruses—including norovirus and viruses in the MERS family such as COVID-19
- One application of hand sanitizer or soap provides up to 24 hours of persistent antimicrobial protection
- Water-based, infused with aloe vera to moisturize hands and prevent skin cracks
- Kills via unique chemo-electro-mechanical mode of action
- Sanitizing soap is FDA & NSF Registered
- Soap is a triclosan-free, bleach-free formula with active ingredient: Benzalkonium Chloride 0.13%

ITEM	DESCRIPTION	UOM	\$

# New! UV-C Disinfection

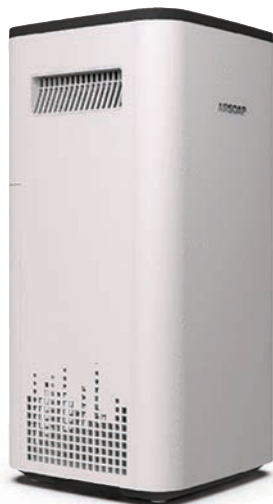

Kill 99.99% of Germs on Electronic Devices

## Ten-Minute Sanitizer Ideal for Large Items

- On/off switch allows users to toggle between manual and automatic modes and turn off the UVC lights at any time
- Excellent for large tablets and medical equipment (inner dimensions: 93.04mm x 234.61mm x 334.74mm)
- Two charging ports (USB and USB-C) for universal charging
- Auto mode starts sanitization as soon as the door is closed; users can still touch the buttons to turn off the lights

ITEM	DESCRIPTION	UOM	\$
HM690025 + color	HomeSoap UV Sanitizer • 6"W x 15"L x 11.15"H	1ea	\$219.95

## Purifier is Proven to Kill 99.99% of Airborne Viruses

- Uses washable, reusable collection plates that are more economical and ecofriendly than traditional HEPA filters
- Electric Wind Technology™ generates a high-energy plasma field that kills bacteria and viruses and polarizes airborne particles

ITEM	DESCRIPTION	UOM	\$
HM693684	AirSoap Air Purifier 10.25"W x 10.6"D x 21.06"H	1ea	\$439.95

While AirSoap has been certified to capture particles down to 14nm, testing has not yet specifically been performed on SARS-COV-2 (The pathogen responsible for COVID-19) as it is not yet available for testing. However, AirSoap has been tested and proven to kill >99.99% of an even smaller virus (Influenza A-H3N2).

## Portable, Handheld UV Disinfection

- Portable UV disinfection kills up to 99% of bacteria and viruses
- Destroys RNA and DNA
- Handheld, cordless, and rechargeable
- Choose between a standard one-minute cycle or more intense three-minute cycle

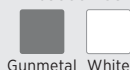

ITEM	DESCRIPTION	UOM	\$
HM105573	BioWand™ Personal UV Sanitizer • 3.0"W x 6.25"L x 1.25"H	1ea	\$90.00

Wirelessly charge your phone using Qi Technology

HM690003-BK

HM690007-GU

Extra USB charging port to charge other devices at the same time

## Sanitization in 10 Minutes

- Sanitizes contents in 10 minutes
- One USB and one USB-C charging port

ITEM	DESCRIPTION	UOM	\$
HM690003 + color	PhoneSoap 3 Charger and UV Sanitizer 5"W x 8.5"D x 1.76"H • Black or White	1ea	\$96.75

Pulse Oximeters

Hopkins

Accurate, Clinical Grade Pulse Ox  
Trusted by Thousands of Professionals

- Single color LCD screen
- Enhanced software algorithm to account for patient motion
- Designed for finger circumferences of 10-18mm
- Display faces the caregiver or patient
- Visual preset alarm for pulse and SPO2
- Perfusion index percentage
- Rated IP32 for water and dust resistance
- Accuracy: +/-2% 70 to 100% SPO2
- Requires two AAA batteries (included)
- Three year warranty

ITEM	DESCRIPTION	UOM	\$
HM594026	Hopkins VitaPulse II Fingertip Pulse Oximeter	1ea	\$39.95

Hopkins

Fingertip Pulse Ox with Four-color OLED Display

- Perfusion Index trend indicates when selected finger has enough blood flow for accurate reading
- Clinical grade
- Four-color OLED display
- Four rotating screen views
- Preset alarms for SpO2 and Pulse
- Also offers Waveform Trend
- Accurate +/-2%, 70-100% SpO2
- Three-year warranty
- Includes two AAA batteries

ITEM	DESCRIPTION	UOM	\$
594027	Hopkins Fingertip Pulse Oximeter PI	1ea	\$79.95
594027CA	Hopkins Fingertip Pulse Oximeter PI	12/pk	864.95

Performs up to 6,000 Spot Checks  
or 36 Straight Hours of Use

- Scientifically proven performance
- Works on a range of 8mm-25.4mm thick
- Lead-free design
- Four-year warranty

ITEM	DESCRIPTION	UOM	\$
Nonin® Onyx Vantage 1.3"W x 1.27"D x 2.2"H			
599590 + color	Nonin® Onyx Vantage	1ea	\$237.00
HM43292 + color	With Pulse Ox Sleeve	1ea	237.00

## Hopkins Fingertip Pulse Oximeters Designed to Meet Your Needs

- Perfusion Index trend indicates when selected finger has enough blood flow for accurate reading
- Clinical grade
- Four rotating screen views
- Preset alarms for SpO<sub>2</sub> and Pulse
- Accurate +/-2%, 70-100% SpO<sub>2</sub>
- Three-year warranty
- Includes two AAA batteries

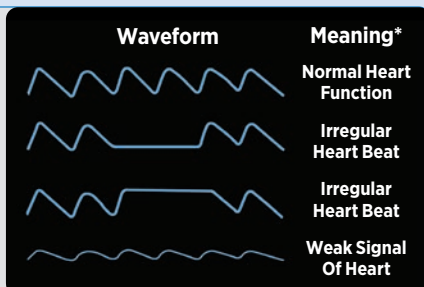

### Why Choose Perfusion Index With Trend?

Perfusion Index is an indication of the pulse strength at the sensor site.

1. Waveform can depict irregular heartbeat
2. Weak waveform can indicate incorrect placement of oximeter or a dirty LED sensor
3. PI% can indicate strength of pulse and also indicate effects of anesthesia

*\*Not an official medical diagnosis. Please consult a healthcare professional.*

### Slim, Water-Resistant Pulse Ox with Waveform Trend

- Slim, durable design for comfortable fit
- Two-color OLED display
- Three-year warranty
