4 ADA Compliant Wall Protrusion Solutions

2018 PERSONAL PROTECTIVE EQUIPMENT DISPENSING SOLUTIONS

comply

INCH BY INCH

In 2016 the Centers for Medicare and Medicaid Services (CMS) began enforcing the guidelines set by the Americans with Disabilities Act (ADA) that limit the projection of objects into hallways. These standards protect the visually impaired by preventing injuries from objects mounted to the wall. BOWMAN offers a variety of dispensers from Protection Systems, Glove Box, Face Mask to everything in between that comply with the 4” depth guidelines.

Based on the ADA and Federal Register Guidelines: <https://www.ada.gov/regs2010/2010ADASTandards/Guidance2010ADASTandards.htm> & <https://www.federalregister.gov/documents/2016/05/04/2016-10043/medicare-and-medicaid-programs-fire-safety-requirements-for-certain-health-care-facilities#p-78>

4" Semi-Recessed Solutions

Semi-Recessed Protection Systems are a smart choice for high traffic areas, such as hallways or near elevators. Our in-wall solutions avoid wall protrusion rule concerns while keeping necessities organized and at hand.

FEATURING:

- Once installed protrusion is approximately 1 ¼"
- Easy supply standardization
- Separates PPE supplies in a clean and protected environment
- Reduced surface area potentially minimizes risk for contamination
- Visible access to supplies improves PPE donning compliance and restocking
- Improves HCAHPS scores with a sleek, organized and aesthetically pleasing design
- One in-wall well & adjustable shelves
- Keyless locking
- Patent pending

YOUR ISOLATION

4" Protection System Solutions

- Under 4 inches deep to accommodate wall protrusion guidelines
- Adaptable to hang on a wall or over the door with a hanger (See pages 8-9)
- Quickly converts to an isolation unit by adding a MP-047 sign holder & free isolation signs from BowmanDispensers.com (See page 7)
- Fits most standard size glove boxes and gowns; due to depth, face masks may need to be removed from box

plan, design, execute

From taking a photo of the area you want to outfit with dispensers, to arranging them according to your needs, you are in complete control of the whole process.

Build A Room by BOWMAN

BuildARoomByBowman.com

Build A Room is NEW and exclusive to BOWMAN Dispensers:

- Visually plan out your workflow, organization and storage needs
- See firsthand how dispensers will fit in your space
- Arrange, align, and rearrange until you have the perfect placement
- Try out multiple combinations with no commitment to purchase
- Print and download your final layout
- Saved PDF includes a list of your chosen dispensers for reference

bring your vision to life

Build A Room shows you the end result in just a few clicks with a camera and a mouse. Create, save and output an image of your ideal room, like the one shown at right.

Create your ideal working environment in just a few easy steps at BuildARoomByBowman.com:

Choose the consumable(s) and room(s) that need organization.

Tape an 8 1/2" x 11" piece of paper to the wall and take a photo straight on of the room.

Select your room type in Build A Room and upload your photo.

Arrange the yellow square to fill your paper in the photo.

Drag and drop dispensers into your space.

Save your design then print or send your layout to your planning team.

success is in the details

BOWMAN®

Dispensers
Organize • Contain • Comply

Proudly made in the USA

BOWMAN Dispensers is a specialized design and development business creating personal protective equipment (PPE) dispensing solutions. Once a healthcare dominated industry, PPE dispensing devices have expanded in application to most commercial markets such as industrial, food service, education and beyond. We are at the forefront of innovative dispenser design across all industries.

Since 1988, with customer collaboration, BOWMAN now offers over 200 unique items in our product line. As a privately held company, our owners are involved in the business every day. BOWMAN is proud to serve as your industry advocate, partnering with you to create safe, organized and efficient work environments.
