# stainless steel characteristics

## durability

Stainless Steel is used overwhelmingly for its corrosion and oxidation resistance characteristics. Along with being sturdy, it is also fire and heat resistant. The work-hardening properties of stainless steel gives the material a great strength-to-weight advantage over other materials. It also provides impact resistance and robustness in extreme temperatures.

## hygiene & appearance

The simple cleaning ability of stainless steel makes it easy to comply in strict hygiene usage areas. Stainless steel has a bright, stain resistant surface and a pleasing aesthetic appearance.

## long term value

The strength and durability of stainless steel often makes it the best value option.

BACKED BY OUR  
**15 YEAR**  
WARRANTY

By driving the highest manufacturing standards possible and making our products in the USA, BOWMAN stands behind the quality of our dispensers. We provide an *industry leading 15 year warranty* on all aluminum and steel dispensers.

Product-Videos](https://BowmanDispensers.com/Product-Videos)

Glove box dispensing solutions from BOWMAN fit any industry and organizational need:

- Top, right, and left loading options
- Vertical and horizontal mounting choices
- Divided or non-divided dispenser options
- Single, double, triple, and quad layouts
- Changing PPE suppliers means you can keep using the same dispensers, as BOWMAN accommodates most brands

## mounting options

Versatile mounting keyholes allow Glove Box Dispensers to be permanently mounted in the direction of your choice:

- Choose horizontal or vertical mount based on loading preference or space availability
- Use hardware recommended by building or maintenance staff

### Divided EASY RESTOCK

**GS-124**  
Quad

### Non-Divided COST EFFECTIVE

# alternative glove box dispenser options

Unique box size or space restrictions for dispensing?  
BOWMAN offers more than your standard Glove Box Dispenser configuration to fit any space.
