

Insight® Phlebotomy Cart

Instructions for Use

Item #s: 21491, 21491E, 138760, 138760E

Assembly Guide

Thank you for choosing us for your phlebotomy storage and organizational needs. You should receive your cart in pristine condition and with all necessary components included. This guide will provide you with a step-by-step walkthrough, to introduce you to the cart's core features and to assist you with its initial setup.

Included Components

- Three pre-installed tilt bins
- Three pre-attached pockets for side rails
- Electronic lock (21491E and 138760E only)

Getting Started

For All Models

To engage the locking casters, apply downward pressure on the white pedal until you hear and feel a "click."

For 21491E and 138760E E-Lock Models Only

1.

For added security this cart is equipped with a digital lock system. Initial code is set as **1-2-3-4**, then press **Enter**.

a.

To change the lock code, see the lock instructions document included with your cart.

b.

DO NOT THROW AWAY INSTRUCTIONS OR GREEN RESET CODE LABELS.

c.

We recommend keeping track of locks and their respective serial numbers & reset codes.

d.

For any lock issues please reach out to CompX's 24/7 Customer Service 847-752-2525

Insight® Ergo Phlebotomy Cart

Instructions for Use

Item #s: 101878, 101878E, 138758, 138758E, 108687, 108687E, 108689, 108689E

Assembly Guide

Thank you for choosing us for your phlebotomy storage and organizational needs. You should receive your cart in pristine condition and with all necessary components included. This guide will provide you with a step-by-step walkthrough, to introduce you to the cart's core features and to assist you with its initial setup.

Included Components

- Three pre-installed tilt bins
- Three pre-attached pockets for side rails
- Electronic lock (101878E, 138758E, 108687E, and 108698E only)
- Guard Rail Top (108689 and 108689E only)
- Tracking caster (108687 and 108687E only)

Getting Started

For All Models

To engage the **locking caster**, apply downward pressure on the **white pedal** until you hear and feel a "click."

For 108687 & 108687E

To engage the directional lock on the **tracking caster**, apply downward pressure on the **gray pedal**. This prevents the caster from swiveling.

For full maneuverability and ability to turn the cart in any direction, disengage the lock by pressing downward a second time.

For 101878E, 138758E, 108687E, 108689E E-Lock Models Only

1.

For added security this cart is equipped with a digital lock system. Initial code is set as **1-2-3-4**, then **press Enter**.

a.

To change the lock code, see the lock instructions document included with your cart.

b.

DO NOT THROW AWAY INSTRUCTIONS OR GREEN RESET CODE LABELS.

c.

We recommend keeping track of locks and their respective serial numbers & reset codes.
