THE MARKETLAB STORY

At Marketlab, we've been pioneering healthcare solutions for over 30 years. From our very first invention, the Tube Jockey, to a comprehensive range of healthcare solutions under our expanding brand family, we focus on making the day-to-day lives of healthcare professionals easier and more fulfilling.

Today, Marketlab is a trusted partner for most U.S. health systems, offering products that cater to the real-world demands of healthcare environments.

MARKETLAB IS MORE THAN JUST A SUPPLIER, WE ARE A DEDICATED PARTNER IN HEALTHCARE EXCELLENCE.

HOW WE'VE GROWN

Since 1994, Marketlab has grown from a dynamic startup to a leader in specialized healthcare products. Our journey has been marked by strategic growth and thoughtful acquisitions. With nine brands in the Marketlab portfolio, we are able to provide comprehensive solutions across all aspects of healthcare delivery, from anesthesia to medical bags and everything in between.

Utilizing our broad product portfolio, focusing on low-to-mid volume products, healthcare facilities can reduce the time and effort spent on procurement, and focus on what truly matters — patient care.

Can a home-based care bag boost efficiency & patient care?

Yes! Our carrying solutions are designed to do just that, with innovative details that fit the pace and pressures of home-based care. No matter which style meets your needs, you can count on durability that's backed by a 2-year guarantee.

Efficiency is in the bag

With easy-view pouches and grab-and-go compartments, our carrying solutions keep go-to items within easy reach.

Infection control, by design

Our bags minimize contamination and streamline clean-up with convenient clean and dirty sections that align with proper bag technique. Plus, easy-to-clean materials and antimicrobial options add another layer of defense.

Secure what matters

Patient info stays secure with purpose-built file compartments, including lockable options that ensure HIPAA compliance on the go.

Carrying Solutions: Purpose-Built for Home-Based Care

Home-based care requires carrying solutions that can keep up with your staff from visit to visit. Our comprehensive selection of carrying solutions is purpose-built, with every pouch, every zipper, and every stitch expertly crafted to meet the specialized needs of your team.

Our attention to detail, durability, and easy-to-clean materials ensure tools and supplies stay organized, accessible, and ready when they're needed most.

Boost Your Brand with Custom Screen Printing

Enhance your team's presence by adding your agency's logo to our carrying solutions. Customization not only elevates your professional image, it also creates a unified look that helps clinicians feel connected and easily identified in the field.

With our in-house imprinting, you get dependable quality, fast turnaround times, and responsive support every step of the way.

Best of all, we offer screen printing services at an affordable rate.

Why Screen Print with Marketlab?

Proven Capability

Established infrastructure delivering daily - ready to scale without disruption.

Controlled In-House Process

Screen printing done in Michigan for consistent quality, quick turns, and responsive support.

Designed to Represent Your Brand

Clinician-informed design with lasting quality and professional branding.

Purpose-Built and Compliant for Healthcare

ROLLING BAGS

Durable. Organized. Ready to Roll. Our rolling bags are engineered to do more, combining a wide wheelbase for stability, telescoping handles for smooth maneuverability, and reinforced construction that stands up to daily demands.

Inside, purpose-built compartments support the realities of home-based care, from clean/dirty separation to dedicated spaces for sharps, tech, and more. Additional features, such as lockable file pockets for HIPAA compliance and antimicrobial options, offer protection and peace of mind.

This compact hip pack features seven access pockets, side flap zippers for small supplies, an adjustable waist strap, and durable 600D waterproof polyester for organized, hands-free use.

BAG ACCESSORIES

The right accessories turn a great bag into a complete care solution.

We offer a range of complementary bag accessories to help home-based care clinicians stay organized, protect against cross-contamination, and safeguard PHI. Each option is thoughtfully designed with home-based care in mind, enhancing efficiency and supporting exceptional patient care.

BAG ACCESSORIES

Reusable Antimicrobial Bag Barrier

691630 - 24" x 24"

Reusable antimicrobial bag barriers keep supplies sanitary, and clean easily with soap and warm water.

Available Options

691630PK - 24" x 24" 6pk
691630CA - 24" x 24" 120pk
691636 - XL 36" x 36"

Hopkins Polygard Bag Barrier

691930 - 18" x 30"

Keep nursing bags clean and protected with these disposable barriers featuring a large three-ply towel for maximum coverage. Each barrier measures 18" x 30", creating a generous protective layer between your bag and any surface.

Hopkins Disposable Bag Cover

698850

Ideal for patient visits and clinical environments, it features two front pockets for clean items and a separate back pocket for used or soiled supplies to support better organization and infection control

Disposable, Water-Repellent Bag Barriers

690847 - 24" x 24" 100pk

Allows you to avoid contamination of the outside of your nursing bag by creating a clean work area

Available Options

690847CA - 24" x 24" 500pk

Mini Silver Combination Lock

533470

Designed for Hopkins medical totes and nursing bags, the lock is useful for providers who carry patient records when traveling for appointments. The lock helps to make medical bags compliant with the Health Insurance Portability and Accountability Act (HIPAA).

Mini Brass Key Lock

533471

Make your medical bags or pouches HIPAA compliant with this Mini Brass Key Lock. Compatible with Hopkins Medical Products lockable zippers, this lock enhances patient privacy, preventing unauthorized access to sensitive information.

STARTER KITS

When it's time to fill your bag, our starter kits offer a smart, streamlined way to ensure the essentials are covered. Each kit combines commonly used tools and supplies into one convenient package designed for home-based care. By eliminating guesswork and ensuring consistency across the team, starter kits make it easier for clinicians to stay prepared, confident, and focused on delivering high-quality care.
