THE MARKETLAB STORY

At Marketlab, we’ve been pioneering healthcare solutions for over 30 years. From our very first invention, the Tube Jockey, to a comprehensive range of healthcare solutions under our expanding brand family, we focus on making the day-to-day lives of healthcare professionals easier and more fulfilling.

Today, Marketlab is a trusted partner for most U.S. health systems, offering products that cater to the real-world demands of healthcare environments.

MARKETLAB IS MORE THAN JUST A SUPPLIER, WE ARE A DEDICATED PARTNER IN HEALTHCARE EXCELLENCE.

HOW WE’VE GROWN

Since 1994, Marketlab has grown from a dynamic startup to a leader in specialized healthcare products. Our journey has been marked by strategic growth and thoughtful acquisitions. With nine brands in the Marketlab portfolio, we are able to provide comprehensive solutions across all aspects of healthcare delivery, from anesthesia to medical bags and everything in between.

Utilizing our broad product portfolio, focusing on low-to-mid volume products, healthcare facilities can reduce the time and effort spent on procurement, and focus on what truly matters — patient care.

DISPENSE WITH THE ORDINARY

Bowman® Dispensers: Where premier materials meet unbeatable efficiency

Since 1971, Bowman Dispensers has been solving storage and dispensing challenges with one simple philosophy in mind: Deliver solutions that work for real life.

That means our dispensers don't just look good – they perform under pressure. No fumbling with complicated mechanisms. No wondering if the supplies you need are on hand. Just reliable access and efficient storage, every time.

Through the years, we've introduced more than 300 products designed to store and dispense personal protective equipment and supplies.

COMPLIANCE WITHOUT COMPROMISE

Ensuring PPE dispensers meet ADA requirements is a critical part of creating accessible, safe care environments. From mounting height to operability, every detail matters.

Our Dispensers Measure Up

- **Protrusion Limits:** Wall-mounted units must not extend more than 4 inches into walkways.
- **Reach Range:** Install dispensers between 15 and 48 inches from the floor to ensure accessibility.
- **Ease of Use:** Dispensers should be operable without tight grasping, pinching, or twisting.
- **Clearance:** Allow at least 30" x 48" of clear floor space in front of each unit.
- **Identification:** Clearly label contents to aid users with visual or cognitive disabilities.

When you choose Bowman, accessibility isn't just about compliance – it's about creating care environments that work for everyone.

PROTECTIVE WEAR ORGANIZERS

Ready when you are, built to last.

From isolation stations to everyday PPE storage, our protective wear organizers deliver consistent access to the supplies that keep your team safe.

Wall-mounted, freestanding, and on-the-go solutions designed to fit your needs and engineered with a commitment to reliability. Bowman Dispensers use only superior plastics and stainless steel – materials chosen for their durability, ease of cleaning, and long-term performance. The result? Organizers that work as hard as you do, shift after shift.

PROTECTIVE WEAR ORGANIZERS

MOBILE PPE ISOLATION STATIONS

Mini Infection Prevention PPE Isolation Cart
CT100-0000

Designed for quick, convenient access to PPE anywhere you need it, this highly maneuverable cart includes ample space for all your essentials. Organized compartments offer quick PPE access, while smooth, easy-to-clean surfaces support infection control. A practical, efficient solution that brings PPE closer to point-of-care areas without taking up much space, this isolation cart is a cost-effective solution that works hard wherever it's needed.

Standard Infection Prevention PPE Isolation Cart
CT200-0000

Offer quick access to PPE in isolation areas with customizable storage spaces that adapt to your needs. This isolation cart features organized compartments for a variety of PPE, making it perfect for moderately equipped isolation or clinical areas that need flexible storage options. Effortlessly and quietly maneuver the cart throughout your space on any surface. The smooth, easy-to-clean surfaces support infection control, which is especially important in isolation areas.

PROTECTIVE WEAR ORGANIZERS

MOBILE PPE ISOLATION STATIONS

Premium Infection Prevention PPE Isolation Cart
CT300-0000

Designed to be the most full-featured mobile storage solution for PPE and isolation essentials, the Bowman Premium Infection Prevention PPE Isolation Cart encourages compliance with proper protection and hygiene protocols. Loaded with designated spaces for PPE dispensers such as gloves, gowns, masks, and other equipment, this cart includes customizable storage that adapts to changing needs. It's an ideal solution for high-traffic environments requiring maximum accessibility and hygiene control.

Aluminum and Coated Steel Mobile Isolation Station
CT030-0000

Stay prepared with an isolation station designed for fast access and seamless mobility. With ample storage for essential PPE, it keeps supplies organized and within reach, helping reduce downtime and improving workflow. Durable construction ensures long-term reliability, while smart design features help staff maintain compliance with ease. Whether stationed in one place or rolled where needed, this unit supports infection control without slowing you down.

HYGIENE STATIONS

Stop germs in their tracks.

Our hygiene stations protect patients, visitors, and staff with the right combination of hand and respiratory supplies for your environment, whether it's a high-traffic waiting room, a busy nursing station, or an exam room.

With interchangeable solutions, including freestanding, wall-mounted, and countertop options, Bowman's hygiene stations have you covered. Designed to meet CDC compliance guidelines and handle high-frequency use, our durable, space-efficient stations will optimize your facility's hygiene practices without compromising on cost or quality.

STRENGTHEN YOUR DEFENSES COMPLY WITH THE 4-STEP CDC GUIDELINES

- 1**

Visual Alerts

Post visual alerts at healthcare facility entrances, including emergency departments, physician offices, and clinics.
- 2**

Cleaning Hands

Provide antiseptic hand wash if a sink for hand washing is not available.
- 3**

Wearing Face Masks

Wear a mask if coughing - and make masks available for visitor use.
- 4**

Using Tissues

Offer tissues to cover nose and mouth when coughing or sneezing - and proper disposal options after use

Based on the CDC's Respiratory Hygiene/Cough Etiquette in Healthcare Settings Guidelines: <http://www.cdc.gov/flu/professionals/infectioncontrol/resphgiene.htm> All consumable items are for demonstration purposes only and are not available for purchase through BOWMAN®
